

# The Heart of a Healthy Community

## OGH BOARD APPROVES RENOVATION

The OGH Board of Directors voted to approve the renovation of the Radiology and Respiratory Therapy areas of the hospital. The goal of the renovation is to improve overall healthcare facilities and accessibility for all patients and staff. The OGH Healthcare Foundation has agreed to help fund half of the renovation. The OGH Healthcare Foundation voted to approve this year's Panhandle Gives Campaign to focus funds raised to support this renovation. As our hospital continues to grow and evolve, we've encountered some challenges related to space and safety. The previous expansion of Lab and Surgery Wing took up some of the area in Radiology, while beneficial, has left us with limited room to accommodate our increasing needs. Respiratory Therapy has operated in a small space for many years and to fulfill our goal for a complete Respiratory Therapy service for our community we believe more space is needed to perform those tests and therapies. We are excited to share more details about this renovation and improvements as the project progresses. Stay tuned for updates.

## OGH HEALTH FAIR

OGH's Annual Health Fair was a great success thanks to the efforts of OGH Staff and all the exhibitors that attended. OGH Laboratory Team drew 380 free labs for people across the Panhandle. Exhibitors invited by the Hospital District offered a closer look into the services and support that they offer the local population. OGH thanks all who attended the Health Fair and hope to be able to continue to offer this service to our community.
