

## TORNADO DAMAGE AT OGH

The National Weather Service confirmed three small tornadoes touched down in Ochsiltree County. The tornado that affected the hospital was an EF0. The damage pales in comparison to the June 2023 tornado. We appreciate everyone who responded quickly to offer support or help clean up. OGH is repairing the damage, but recent rain has caused additional problems in the affected area. The hospital board approved a roof solution on Friday, April 5.

## KELLY'S CORNER:

Ochiltree General Hospital has been awarded a full Medicare Recertification/DNV Reaccreditation following our February survey. The Swing Bed Program is also in compliance with the Medicare Conditions of Participation to meet the special requirements for CAH providers of long-term care services. This is a three year term of accreditation and also requires an annual survey to ensure continual compliance with the DNVHC Accreditation Process. To summarize, this is a significant achievement and we couldn't do it without every staff member's hard work, commitment to excellent care, and attention to detail. I am so proud of you all.
