KEITH GOOD RETIREMENT LUNCH

January 24th OGH hosted a retirement lunch for Keith Good. Keith was the District's Attorney for over 25 years. Keith oversaw many contracts, Board meeting, and provided counsel to the Hospital District. He will be dearly missed and OGH has been honored to have him for all these years. OGH WELCOMES A NEW PROVIDER

Ochiltree General Hospital and Perryton Health Center are pleased to welcome Casey McGarraugh to our team! Casey will be working closely with Dr. DeWitt as he onboards, learning the clinical processes at PHC and preparing to serve our community. Expanding our team of providers to include a Spanish-speaking provider reflects our commitment to providing accessible and inclusive healthcare to our diverse community.

Casey McGarraugh, PA-C is a Board Certified Physician assistant and Perryton native. He graduated in 2010 from WTAMU with a degree in Spanish and a Minor in Biology and graduated in 2024 with his MPAS degree from LSU Health Shreveport, where he was president of his class and a rural health scholar.

Casey returned to Perryton to be closer to family and to help the community that raised him live their best, healthiest lives. He's looking forward to connecting with people from all over the community and doing what he can to make his hometown a better place to live.

In his free time, he enjoys reading, listening to music, and traveling, especially to Japan, where he lived for several years and considers his second home.

With our recent additions to our team, the future of healthcare in Perryton looks brighter than ever. We are excited to see the positive impact on community.

OGH HEALTHCARE CELEBRATIONS IN JANUARY

Healthcare celebrations are in full swing. In January OGH celebrated CRNA Week, National Activity Professionals Week, and National Pharmacist Day. These healthcare observations are important to recognize and appreciate the hard work and dedication of these healthcare professionals. KELLY'S CORNER:

Maintaining your health during flu season can present challenges, but every proactive step you take plays a significant role in building resilience and strength. Consistently practicing habits like proper hand hygiene, staying hydrated, and maintaining a balanced diet may seem minor, but they add up over time. Each healthy decision you make contributes to a more robust immune system and overall well-being.

We are also pleased to welcome Casey McGarraugh to our team. We are excited to have Casey join us at the Perryton Health Center and look forward to the contributions he will bring to our community.

Congratulations!
OGH is proud to welcome our first baby of 2025.
