

OGH LABORATORY GRAND RE-OPENING

Ochiltree General Hospital hosted a “Free Labs” and Open House, January 8th- January 12th in lieu of the annual health fair. OGH Phlebotomists drew lab on 983 individuals over the course of the week. Due to many construction delays, the annual health fair was cancelled because the OGH Laboratory remodel was incomplete which made offering free labs a challenge. Once the remodel in the laboratory was complete with new equipment installed and tested, OGH was able to offer this service. The remodel allows for more services to be offered by OGH Laboratory. One of the highlights is the addition of microbiology testing in-house. The previous testing procedure meant that testing would take up to 48-72 hours to have tests returned from the reference laboratory. With the in-house testing, results can be complete within 16-48 hours, which allows providers to make more informed decisions on treatment plans. The free labs testing created an opportunity to not only promote the services at OGH, but also served as a resource for local residents to take a glimpse into their health. Results were mailed to all the participants directly, along with a letter guiding them to any of our providers to interpret the results. For more information about all of the available testing at OGH contact Laboratory Manager Tony Black at 806-648-7124.

THE SEASONS CELEBRATE MILESTONE ANNIVERSARY

The Seasons Assisted Living was honored to celebrate their residents, Duane and Norma Mounts, 70th wedding anniversary. The Seasons' Chaplain Darrell Burton offered a prayer and a blessing over their marriage, family, and friends, followed by cake.

HEALTH INFORMATION TEAM IS "EXEMPLARY"

Paternity Award Program

The Office of the Attorney General presents this award to:

Ochiltree General Hospital

Exemplary Paternity Program

December 8, 2023

A handwritten signature in cursive, which appears to be "D. Burton", written over a horizontal line.

Every year the State of Texas Office of the Attorney General recognizes hospitals across the state that comply with the Acknowledgement of Paternity (AOP) regulations. Paternity Outreach coordinators will visit the hospital at least three times a year to evaluate how the AOP-certified staff is executing AOPs. There are two award categories, Exemplary and Recognized. If a hospital's quality control score is 100%, they are considered exemplary, if a hospital's quality control score is 98-99% they receive an award of recognition. OGH Health Information team members who are AOP Certified are: Khristi Martinez, Laci Keetch, and Maggie Flores.

WE'RE Hiring
